research

EU Joint Programme – Neurodegenerative Disease Research

This document contains **information on specific requirements** for researchers applying for funding by the funding organisation indicated above. To make sure that your application is fully in line with the specific requirements and to receive latest information, please contact the respective **national contact person**. Not fulfilling the requirements may lead to ineligibility of the application.

Contact

National contact person	Päivi Kolu +358 29 53 35 028 or paivi.kolu@aka.fi
--------------------------------	---

Eligibility

Eligible Institutions	Academy research funding is granted to Finnish sites of research (usually universities or research institutes).
Additional requirements	Principal Investigator must be a researcher with a doctoral degree. Finnish applicants are not allowed to submit more than one application.

Budget

Total earmarked national budget	600 000 €
Anticipated no. of funded groups	2-3
Budget restrictions	Academy of Finland is using full cost model for cost calculation. The Academy will provide a maximum of 70% funding for a project, out of the total costs of the project.
Eligible costs	Academy funding can be used to cover both direct and indirect research costs of the research team arising from, for example, the following: <ul style="list-style-type: none">- working hours (salary)- materials- travel expenses- national and international collaboration and mobility- preparation of international projects- publishing.
