> **Country: The Netherlands**
> **Organisation: ZonMw**

This document contains **information on specific requirements** for researchers applying for funding by the funding organisation indicated above. To make sure that your application is fully in line with the specific requirements and to receive latest information, please contact the respective **national contact person**. Not fulfilling the requirements may lead to ineligibility of the application.

Contact

National contact person	Gabriëlle Lijten +31 70 3495470 JPND@zonmw.nl

Eligibility

Eligible Institutions	Eligible institutions are: • Research organisations and University Medical Centres. • Companies (SME, hospitals, healthcare institutions). **Please note:** a concrete application may require a state aid analysis. This depends on the nature of the parties that submit an application. Research on proprietary technologies and therapies is excluded for Dutch partners.
Additional requirements	After the proposal has been granted by the JPND Secretariat ZonMw reserves the right, when awarding the grant, to request: • A final draft (approved by the partners, but not yet signed) of the consortium agreement and/or sponsor agreement to assess it for compliance with the European law on state aid and ZonMw's general grant terms and conditions. For further information on the consortium agreement and sponsor agreement please check the ZonMw website. • In addition to the application submission to the Joint Programme Neurodegenerative Disease Research (JPND), Dutch consortium members applying for and being awarded funding from the Netherlands must complete an abbreviated

| | ZonMw application and submit it in accordance with the guidelines using ZonMw's online application system (Mijn ZonMw). You will receive instructions for the submission of the abbreviated form after the JPND Secretariat has communicated to the consortium leader about granting the proposal. |
| | • A budget table is part of the abbreviated ZonMw application. The budget table concerns the Dutch part of the project. Guidelines for the ZonMw budget table can be found on the ZonMw website ('Financiële voorwaarden' https://www.zonmw.nl/nl/voorwaarden-en-verplichtingen).
Note: you may not include overhead costs in the ZonMw budget table. The ZonMw budget is subject to fixed salary rates per position, which include overhead. The rates can be found in the VSNU and NFU salary tables. |

Budget

Total earmarked national budget	€1.500.000
Anticipated no. of funded groups	5
Budget restrictions	ZonMw has a maximum funding per project for this call: each project can request maximum €300.000.
